Are you on the top forty of your lordy lordy lordy
Do you feel a hit in heaven cause you were a hit on
earth

Are you on the top forty of your lordy lordy lordy
Are you the top forty of the lord

Your flight to fame was fast and made you dizzy
Your head it seemed was bursting at the seams
But did you realize what you been losing
By winning all your rockin' rollin' dreams

Are you on the top forty of your lordy lordy lordy
Will you be a hit in heaven cause you were a hit on
earth

Are you on the top forty of your lordy lordy lordy
Are you the top forty of the lord

Well are ya?

Your songs all started saddled with a bullet
And soon upon the charts were ridin' high
But will you be among those golden oldies
On that great big silver jukebox in the sky

Are you on the top forty of your lordy lordy lordy
Do you feel a hit in heaven cause you were a hit on
earth

Are you on the top forty of your lordy lordy lordy
Are you the top forty of the lord
