You touched yourself with fire  
Touching someone else  
Your well is dry, you cry out  
In search of more success  
You left your thoughts in darkness  
And one day they'll return  
Some other kind of lesson would be good to learn

Don't get it down on me  
Don't ever turn away!

Break through your barriers  
Sharpened, diamond-cut  
Again you're trapped in lies  
Or simply misunderstood?

Just tell me what you need now  
To be that someone else  
Is that another desire?  
It will be your last?

Don't get it down on me  
Don't ever turn away!

Leave me alone  
Seeds now are raised and grown  
Guide me today  
Then turn away

Leave me alone  
Seeds now are raised and grown  
Play me today  
Use me, then turn away

[solo]

Don't get it down on me  
Don't ever turn away!

Leave me alone  
Seeds now are raised and grown

Guide me today  
Then turn away!
