Step Into The Club This Evening  
Looking hot, got the fellas peepin  
I can feel the beat in my veins  
In style gonna get my drink on  
The DJ just put my jam on  
It time to step on the floor

I don't want nobody to doubt  
That this groove is what its all about  
Its your chance to show what you got  
Everybody up on the dance floor  
If you ain't come to party  
You can hit the floor

(Chorus)  
Get up, throw your hand up  
If you feeling my groove  
Turn the beat up  
Get up, get your groove on,  
It ain't hard to do just sing along  
Get up, don't be a hater  
It's for the ladies and  
the pimped out playa's  
Get up, its party time

It's time to turn the heat up  
Call my girl so we can meet up  
It's gonna be an all nighter tonight  
It's got to shake from  
the windows to wall  
Everbody get kruncked lets have a ball  
There ain't no stopping us now

Hold my body tight,  
Together we can dance all night  
We're gonna close it down  
Party on until break of dawn
