Y'all can't, hold me down at all  
Cuz overall, I'm down to brawl like Stone Cold  
It's Sahdeeq, not that I'm a b cat tho  
Toe to toe, I crush hoes like vatos  
You froze, when the heat rose how that sound  
I melt you down, nobody feel you now  
You off-course like Skipper and Gilligan  
My crew deep like Mexicans, don't get us vexed again  
If I catch your next of kin I'll drag him in  
Ain't no wiz(?) if I can't win, let the games begin  
Skip a turn, crash and burn, like Valujet  
Put you on pause, like tape deck  
This here, what, bang this year  
Shook off your girl brassiere, rattled the chair  
Set off, the alarms in the cars on the block  
Beats thump a lot, like thugs on cell block  
Get oxed, like you got locked for child porn  
The war's on, you've been warned, word bond  
Makin this bed hard, for y'all to sleep on  
Wakin em up, keepin em up, past dawn

[CHORUS] (x2)

Even in 3D them fools can't see me  
Keepin it raunchy while y'all cats is sweet  
We could back the club, we can flood the streets  
We can thug on streets, we can thug on beats

Deep concentration, cuz I'm no comedian  
You can get Cube and em(?), here to bring the heat  
again  
Open up your mouth and I'll make sure you never  
breathe again  
If you paraplegic I'll make you get up and dance again  
Hand it in, or get played like Mandolin  
You can't hang with superior slang that wins  
Where your party at? Let my squad in  
Beg your pardon? We gon start this  
And if this shit weak, we gon take apart shit  
Wrecking ball status, 10 minutes to evacuate  
Move the crowd, I uplift the crowd  
With they hands in the air, bring the fuckin roof down  
It's the year now, Bronx hit the street now

Year 2G prepare for the shakedown  
What what what...

[CHORUS] (x4)
