I wont run this time cause I've got the control...
If I really was holding you down, I'd hold your head
under water...
And I'd watch you drown, your world is flooded /
limited...
My soul knows no bounds...
Turbulence sweeps the belly of the vessel, while you
stimulate denial...

Come and play with me, I've got nails and razor
blades...
You talk a mile of shit then eat from the path you
paved...
I guess it all taste the same just gambling for better
days...
I can't be left alone to my imagination...
All you've, known is...
Turbulence sweeps the belly of the vessel, while you
stimulate denial...
I want to watch you go down...
All you've ever known, all you've ever known is fear!

Close your eyes, I promise, this will be over soon...
Now I know what your thinking...
Now I know what you fear inside...
Turbulence sweeps the belly of the vessel, while you
stimulate denial..
I want to indulge your fear, then watch you dissappear,
forever, forever, forever!

All you've known, is fear!
