She was layin' there starin' at the ceilin'  
Thinkin' 'bout all she didn't wanna do today  
Alarm clock finally quit ringin'  
Wasn't gettin' no attention anyway

She's just tired of that weddin' ring  
Yeah she's tired of four gray walls  
She's fed up with just 'bout everything  
That's all, hey you know, that's all

It's the same ol', same ol' every night  
I got to have a change of scenery  
It's the same ol', same ol' every night  
One of these days she just might leave

Little dress hangin' in the back of her closet  
She could slip away and put it on  
Long tan legs as smooth as silk  
She knows what she's thinkin's wrong

She's just tired of the way it is  
Yeah she's tired what she's goin' through  
She's fed up with the life she's missed  
She's feelin' used, she's just too used

To the same ol', same ol' every night  
I got to have a change of scenery  
It's the same ol', same ol' every night  
One of these days she just might leave

Oh and she's tired of this runnin' 'round  
And she's tired of bein' left alone  
She's had enough of bein' held down  
While he's on the town, she's wantin' out

It's the same ol', same ol' every night  
I got to have a change of scenery  
It's the same ol', same ol' every night  
One of these days she just might leave

It's the same ol', same ol' every night  
I got to have a change of scenery

Yes it's the same ol', same ol' every night  
One of these days she just might leave

Better believe me
