Turn it back
Fast forward
You want a good one?
Only time will tell

By the time your dreams come true
You've turned into someone else.
Only adventures that i regret
Are the ones i missed
And the thought of the pretty girl
I never tried to kiss

Wa wa zat !! it's about time
Wa wa zat !! time flies

You can make it
Or you can fake it
Or you can take your time

Like i do mine-
Napalm in the morning
We love the smell of it
Because life ain't boring
We do the hell out of it-
Only adventures i regret

Are the ones i missed
And the thought of the pretty girls
I never tried to kiss

Wa wa zat !! it's about time
Wa wa zat !! time flies

You can make it
Or you can fake it baby
Or you can take your time
Like i do mine
