Love is Blind.

Chorus.

You say that love is blind, hits you from behind, don't know when it starts Hurts you when it ends.

Verse 1.

You can be my soul mate, we can drink our wine, we can be together, we can share our time. I wanna show you my love, make you smile everyday, I can be your sunshine, heal you of your pain. You are in my dreams, eachand everyday, you complete my puzzle, in your special way. Your myshooting star, flying across the sky, you're what I imagined, to love you till I die.

Verse 2.

I will dry your tears, chase your rain away, fill your sky with sunshine lighten up your day. I am here to hold you, in my special way, I'm your shoulder to cry on and chase your shadows away. There's no need to be down, I will make you smile, take away your frown and make it worth your while. it's why I wrote this song, to show you how I feel, if I've doneanything wrong, I'll just sing your song.
