Flute:

He's crying alone

In to the night

Feeling so cold

The Hawk:

I was dreaming with my mind, you were on my side

Now you're gone and days are passing by

Please save me, don't leave me

So take me, I need your love

The Lion:

I don't know why Heroes are falling

And there's no time to say Goodbye

I see the flames are burning down to your land

Burning for evermore

The Lion:

Can you feel, I send you whispers in your dream

Can you feel...

The Hawk:

Now the time has come to pay, I will fade away

And I know it's just another tale

Don't save me, now leave me

Don't take me, I need to go

The Hawk:

I want to fly, Eagles are rising

And there's no time to say Goodbye

I see the light, Shadows are fading away

I hear you're calling

The Lion:

I don't know why Heroes are falling

And there's no time to say Goodbye

I see the flames are burning down to your land

Burning for evermore
