The Hawk:

So far away, deep in the night  
I feel the spirits around me  
How many times they'll try to take me  
And I will fly to the day

The Lion:

Now the wind is blowing telling tales of winter  
I know the feeling, will you keep me warm  
Many leaves are falling and the time is waiting  
Slow down lonely, the light is fading

The Hawk:

I know, my wings are broken  
I know, I will be falling  
I pray, my time has come to the end  
And there's no answer

The Hawk:

Deep in my soul, I hear your call  
I feel the whispers and voices  
There is no way, life is a cruel game  
I will get lost in the dark

The Lion:

Only you can hold the key  
Of my heart and my dream  
I'm a jester, I'm a king  
See the world inside of me  
Now the fall is getting near  
The night is getting cold  
Free your mind and close your eyes  
We're gonna leave it

Hawk and Lion:

I know, Shadows are leaving  
I know, Heroes are landing  
My love, we'll fly as high as the sun  
But there's no heaven

The Hawk:

There's a way to follow  
I will come back to the light

Heroes:

Fly away and rise again

The Lion:

...and I will find you

The Hawk:

One day I will remember  
One day I will forgive you  
The Lion:  
Day as Lions, you know that I'm goin' to  
Climb the highest wave of the see  
The Hawk:  
I know, my wings are broken  
I know, I will be falling  
I pray, my time has come to the end  
And there's no answer  
Hawk and Lion:  
I know, Shadows are leaving  
I know, Heroes are landing  
My love, we'll fly as high as the sun
