[Lyrics by: Luis Goulão]

Just what i want to see  
Violence is now reality  
Come and collect it free

Things are different than before  
Extreme aggression 'till nevermore  
Anarchy and poverty

Corrupt fake potency  
Forced legal amnesty  
Ecstasy of dignity  
No future, no destiny

Murder, death, lunacy  
All done so legally  
Murder, death, lunacy  
Explain reality again to me!

Violence, greed, insanity  
Non-sense, bleed, reality  
All of this done... to you and me!
