### **"Dream Of Lilith"**

Visit "[Dream Of Lilith](#)" on MotoLyrics.com

Enter the gate to the night side of dreams  
Follow the roots deep underground  
Ride the serpent to the depth of your soul  
Find your way through the mist  
The womb Of darkness  
Is your open Eye  
The gate to the force  
Is the Dream of Lilith  
In the dark forest you will find the cave  
Where the princess of serpents rest  
She's your mistress releasing your powers inside  
Her breath is your fantasy  
Through the womb of darkness  
Your journey begins  
The gate to the force  
Is the Dream of Lilith  
She awaits with desire  
For your arising spirit  
To meet the Dragon  
The Dream of Lilith.
