Tell me, tell me, tell me, tell me
Who's your favorite page
I'm gonna fax you
Into the atom age, yeah

My engine searching like a harpoon
Like a monsoon in your chat room

Who are you
Are you on line
Woman
Your page or mine

My engine searching like a harpoon
Like a monsoon in your chat room

Counter-blast

This is the first phase
(This is not a test)
This is the atom age
(This is not a test)

Are you on line?
(This is not a test)
Your page or mine
(This is not a test)

Tell me, tell me, tell me, tell me
Who's your favorite page
I'm gonna fax you
Into the atom age, yeah

My engine searching like a harpoon
Like a monsoon in your chat room
