Saturday night  
At the corner cafe  
I had me some drinks  
And I'm feeling my way  
The moon's on the rise  
And it looks like  
A night for romance  
Shuffling down

Pass the local hotel  
Doing the rounds  
And I'm under a spell  
Must be the place  
Yes I knew  
When she asked me to dance

I'm on easy, easy street  
I'm on easy, easy street

Seeing as how  
I'm a regular guy  
Watching the girls  
Of the evening go by  
I got me a chance  
And I'm making it  
Making it last

I'm on easy, easy street  
I'm on easy, easy street

So if you're feeling like  
You're just some lonely man  
When ever you're down  
In need of gentle care  
There's always easy street  
You know you gotta pay  
But just remember boy

It's only a one night stand  
That's right  
I'll probably  
Make it anyway

Down that easy street  
She got nasty  
Say baby  
What you doing tonight?
