Those eyes burn holes  
Into the starry night  
And when her sleepy eyes  
Are open wide  
You can fairly dance beneath her light  
And I'd love to get to know the natives  
But I'm only flesh and blood  
She'll share your joys  
But not your sorrows  
Mistress of the coming flood.

Hina  
Cool upon the silent sea  
Isn't she the moon queen

Hina  
Whispering, In my dreams  
You must come back to me

And the tides rise and a distant sigh  
Falls on deaf ears  
Her vision makes you every inch a king  
King for a million years  
And she loves you when you're leavin'  
And she'll leave you if you stay  
She says...  
"Don't tell me that you love me  
You'll hate me for hearing it  
When I drift away."

Hina  
I can hear you softly cry  
Your storms and lullabies

Hina  
I'll whisper in your dreams  
Till you come back to me.

Come back  
But she will never stay  
Come back  
And you must never wait...

Never wait. Never wait. Never wait.
