I respect your intellect  
More impressive still  
Are you sporting skills  
Do i detect  
Integrity and self-respect?  
Cool

Now lose the dress, keep the shoes  
So what you're saying could be true

All the world's a molecule  
A little atom contained within  
The thumbprint of a greater being  
I wish i may i wish i might  
And with any luck  
I will tonight  
But before we do

Come here you  
Lose the dress, keep the shoes  
Lose the dress, keep the shoes  
Lose the dress
