[Lyrics by: Luis Goulão]

I'd like, as a phoenix  
To rise from out of the flames  
And spread my wings again  
Over the whispering waves  
And before them fall in a noose dive  
Against their will and rage  
Again, again and again

I must quench my thirst  
And follow the voice that calls me  
Inside my head  
To feel their weakness invading my thoughts  
And thus plain again  
Over and over again

[Chorus]  
Drifting in search of a way  
I fly to a brand new day  
Drifting, in search I fly  
Unto the depths of a brand new sky

I feel the fire burnin' my wings  
I fell the rage within the wind  
A voice whispers inside my mind  
Whispering moans of a darken kind  
I am immortal, I shall never die  
My mind is flame, my body is sky  
I feel the fire burnin' my wings  
I fell the rage within the wind

I'd like, as a phoenix  
To rise from out of the flames  
And spread my wings again  
Over the whispering waves  
And before them fall in a noose dive  
Against their will and rage  
Over and over again!

[Chorus rep 3x]
