[Lyrics by: Luis Goulão]

Between memories of ancient joys  
And casting demons of all past lives  
He cries out for God  
The one who had forsaken him ages ago

The sunset in darkness and evil  
Arise from his hideout  
The hunters ride on to the final attack

Two enter the castle  
Only one will come out  
Between memories of ancient joys  
He cries for forgiveness

The sunset in darkness and evil  
Arise from his hideout  
The hunters ride on to the final attack

Damnation is about to begin!

[Chorus]  
Dracula has finally strike  
And Mina reached out for him  
In pain, dying,  
With blood flowing out of his body

The once devil is again a man  
His love is stronger than death  
He is now dead but dreaming  
On how love never dies

It is finished  
Where once was darkness, there's light again  
And there in the presence of God  
Love released all the powers of Darkness

The sunsets in darkness and evil  
Arise from his hideout  
The hunters ride on to the final attack

Damnation is about to begin

[Chorus]

The once Devil is again a man  
His love is stronger than death  
He is now dead but dreaming  
On how love never dies...
