Yeah yeah
Girl up town and girl down town
.. girl all around
Tell your Mister lover i'm a bust Dj
Mister lover lover all the girls stay

You know softly
Don't wanna mess up your life

More than just a pretty face
classic kind of woman with a certain grace
Definitely money was my ace
..really think that she worth the chase
Now i find myself to contemplate was it a waste
Is it time for her to get replace
Hope she understands i need my space, do escape
then i'm gonna need my 50 ways.

Chorus:
Sorry baby if i let you down
But you know i'm not the kind of man to hang around,
hang around
Gotta get me out your life now
What you need is Mister right
and i'm only mister right now.
Sorry baby if i let you now
But i never had intend to settle down
You gotta get me of you mind now
What you need is Mister right
and i'm only mister right now.
I'd better keep it real
Don't wanna mess up your life
,from the very start
Keep it physical and not .. your heart
when .. miss play apart, on the dark
You know the deal i play the field
Was .. something i reveal,
you said you heart protected by a ..
, double ..

Chorus:

Sorry baby if i let you down
But you know i'm not the kind of man to hang around,
hang around
Gotta get me out your life now
What you need is Mister right
and i'm only mister right now.
Sorry baby if i let you now
But i never had intend to settle down
You gotta get me of you mind now
What you need is Mister right
and i'm only mister right now.

Hate the player,
Hate the game, hate the game
Said i met you
i've been the same, been the same
Check for instance but .. from a distance
Loco ..should be a ..resistent
You wouldn't miss a ,.turn a ,
No more .. no more..before she ..
..instead .. every night believe me.

[Chorus:]
Mister right now
Don't' wanna mess up your life
No baby, no baby
Said i don't' wanna mess up your life
No, don't' wanna mess up your life
I'm mister nice guy
