All my love, that's right, my darling
You know I could make it to life
Been waitin' for my love â€¦ yeah
I'll be there, wait for me girl I will return
I was â€¦ to the ceiling, saw the lady
I wake from day dreaming
Find myself overwhelmed by this feeling
Dropped â€¦ so â€¦ spiritual healing
And I look where I come from,
No morning, no future, no function
Everywhere where I turn I'm not the last one,
With a mask on
Every you it is a marksman, yo
I give a kiss to my girlfriend,
Know I gotta do right by this emblem
Cause I heard that they need a few good man
Try your tears friend,
I'll be back just don't know when, Yo

Chorus:

If you wait for me, just wait and see
I'll be there, I'll be there, I'll be there
If you pray for me, â€¦ wait and see
I'll be there, I'll be there, I'll be there

â€¦ an opportunity

Don't you think I came to this decision easily
Every day I wait for news it's an eternity
Wish that I could be there, to witness your maternity, yo
I did â€¦ so long, to the â€¦ â€¦ strong

To the left from the right to hear them song(?)
Hope I ain't wrong, tryn' to get my paper chase on
And times I find myself in danger, in the process
I could pay my stranger, know I â€¦
Now I'm living in the edge of something major
And my life is what they wager , yeah

Chorus:

If you wait for me, just wait and see
I'll be there, I'll be there, I'll be there

If you pray for me, â€¦ wait and see
I'll be there, I'll be there, I'll be there

All the women ... my feeling, that's believing
Every day they try to find out if â€¦ leaving(?)
There's so much on my plate on to deal with
Yo, mind's on the pressure find the way to relieve it
â€¦ is a victim of surrounding
What to do to survive it's just â€¦
â€¦.
â€¦ and yo all the opportunities

Chorus:

If you wait for me, just wait and see
I'll be there, I'll be there, I'll be there
If you pray for me, â€¦ wait and see
I'll be there, I'll be there, I'll be there.
