Carolina, no, no, Jenny  
Carolina, no, no, Jenny  
Carolina, no, no, Jenny  
Carolina, no, no, what's her name?

Jenny, she's blowing my mind  
A love like yours is hard to find  
Jenny, she's blowing my mind  
A love like yours is hard to find

Carolina left me and gone  
Went to number one and now she kicked up a storm  
Who big her up, now me and Robert and Shaun  
Whole heap of entertainer come, come step pan me  
corn  
Now she was a top ten lady from the time she was born  
But she went and played me, now my love is gone

Oh, I got a new lady and she's got it going on  
And on and on and on and on and on and on  
So weh me say

Jenny, she's blowing my mind  
A love like yours is hard to find  
Jenny, she's blowing my mind  
A love like yours is hard to find

Shag, you went number one, took top gun  
Now they riding you, every boy's deciding to  
Stop the track, get through you, what the hell  
Oh, your gun, solar mill competition got to chill ill

Carolina, you all run down  
Shaggy's not around, do you know how you sound  
Coming over here asking for him?  
Well, I got drama for you poor, he got another  
girlfriend

Jenny, she's blowing my mind  
A love like yours is hard to find  
Jenny, she's blowing my mind  
A love like yours is hard to find

Carolina was so fine, blew everybody's mind  
More expensive than a bottle of chardonnay wine  
Aged to perfection and so refine  
Every man want a taste 'cause your grapes are fine

Well, me love your sexy rhythm and the way it rhyme  
Body, by, by, oh, my, my, I love you and that's no lie  
But you lived up to your title ho, Caroline, ha, ha

Jenny, she's blowing my mind  
A love like yours is hard to find  
Jenny, she's blowing my mind  
A love like yours is hard to find

Yeah, mad cash be spending  
And thanks to you, he got law suits pending  
But that's alright 'cause he's lamping, bossing,  
spanking  
Cashing checks, stacking crazy banking

He's got Jennifer on his mind  
He can't see you, so see you  
I got no more time

Jenny, she's blowing my mind  
A love like yours is hard to find  
Jenny, she's blowing my mind  
A love like yours is hard to find

Carolina left me and gone  
Went to number one and now she kicked up a storm  
Who big her up, now me and Robert and Shaun  
Whole heap of entertainer come, come step pan me  
corn  
Now she was a top ten lady from the time she was born

But she went and played me, now my love is gone  
Now I got me a new lady and she's got it going on  
And on and on and on and on and on and on  
So weh

Jenny, she's blowing my mind  
A love like yours is hard to find
