Carolina, no, no, Jenny
Carolina, no, no, Jenny
Carolina, no, no, Jenny
Carolina, no, no
What's her name?

Jenny, she's blowing my mind
A love like yours is hard to find
Jenny, she's blowing my mind
A love like yours is hard to find

Carolina left me and gone
Went to number one and now she kicked up a storm
Who big her up now me and Robert and Shaun
Whole heap of entertainer come, come, step pan me
corn

Now she was a top ten lady from the time she was born
But she went and played me, now my love is gone
Oh, I got a new lady and she's got it going on
And on and on and on and on and on and on
So weh me say

Jenny, she's blowing my mind
A love like yours is hard to find
Jenny, she's blowing my mind
A love like yours is hard to find

Shag you went number one, took top gun
How they riding you every boy's deciding to
Stop the track, get trough you, what the hell
Oh, your gun solar mill competition got to chill ill

Carolina you all run down
Shaggy's not around, do you know how you sound
Coming over here asking for him
Well, I got drama for you, poor he got another
girlfriend

Jenny, she's blowing my mind
A love like yours is hard to find
Jenny, she's blowing my mind

A love like yours is hard to find

Carolina was so fine, blew everybody's mind
More expensive than a bottle of chardonnay wine
Aged to perfection and so refine
(Me)

Every man want a taste 'cause your grapes are fine
Well, me love your sexy rhythm and the way it rhyme
Booddy by, by, oh, my, my, I love you and that's no lie
But you lived up to your title ho, Caroline, ha ha

Jenny, she's blowing my mind
A love like yours is hard to find
Jenny, she's blowing my mind
A love like yours is hard to find

Yeah, mad cash be spending
And thanks to you, he got law suits pending
But that's alright 'cause he's lamping, bossing,
spanking
Cashing cheques, stacking crazy banking

He's got Jennifer on his mind
He can't see you, so see you
I got no more time

Jenny, she's blowing my mind
A love like yours is hard to find
Jenny, she's blowing my mind
A love like yours is hard to find

Carolina left me and gone
Went to number one and now she kicked up a storm
Who big her up now me and Robert and Shaun
Whole heap of entertainer come and step pan me corn

Now she was a top ten lady from the time she was born
But she went and played me now my love is gone
Oh, I got my new lady and she's got it going on
And on and on and on and on and on and on
So weh

Jenny, she's blowing my mind
A love like yours is hard to find
Jenny, she's blowing my mind
