Oh no, ya hear me  
You tell the future  
Yeah, come on  
Or maybe your future blank  
Parental advisory, watch this

You thinking that you're grown now  
You got your eyes set on the street  
Some how you think that you can stand on your feet  
No job, no house, no car  
Tell me how can you acquire these things

I know just what your thinking  
The road you wanna take will leave you sinking  
You wanna roll around with your crew  
Tow drunks, gang bangs, steal cars  
Doing all of these horrible things

Now tell me how you were mislead so easily  
When you was raised better by your family  
You trynna be something that you ain't meant to be  
Your mamma's on her knees, pray to God every nite  
'Cause she knows that you're

Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light, oh yeah  
Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light

See son, it's never too late  
The effort to correct is never to great  
A family should stick together  
One blood, one luv, one heart  
Open arms welcome you at the gate

You thinking that I'm crazy  
I see through all them, see your visions hazzy  
I'm fired up with the preminotions  
Black suits, long faces, sad words  
Slow singing at the side of your grave

Now tell me how you were misled so easily  
When you was raised better by your family  
You tryna be something that you ain't meant to be  
Your mamma's on her knees, pray to God every nite  
'Cause she knows that you're

Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light, oh yeah  
Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light

Whenever I'm low  
All I need to know  
Is that you're there for me  
You're down for me  
My strength when I'm weak

Whenever I'm low  
All I need to know  
Is that you're there for me  
You're down for me  
My strength when I'm weak

Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light, oh yeah  
Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light

Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light, oh yeah  
Lost in the still of the nite  
Ain't no need to lose site  
She'll be holding the light
