What are you talking about such lustful behaviour
Make sure that you're loyal to your wife
Shaggy again, oh gosh
Remember, girls

I said I love you girl, you know you want me
You kiss and caress me, hug me up girl
Booty by by by by
Love me girl, you know you want me
So kiss and caress me, love me up girl

That's why me bawl out lust
The woman a cry out lust
Watch out fi lust
It can be dangerous
And sometimes vigorous
No say love confess

That's why me bawl
Man have him woman and the woman so nice
Wash and she cook and everything she do right
Ring pon her finger, it make her him wife
Him don't coming late, him coming early at night
Him sight another sexy girl and she passing by
Read her, stand up and know him want her tonight
Inna fi him bed a where she put up a fight
Moaning and groaning, what a restless night
Someway, somehow it got to him wife
Wife fi get vexed and put him clothes in a pile

Them a talk 'bout lust
Me said fi watch out for lust
It can be dangerous
Oh so vigorous
What if he confess
So contagious
That's why me bawl

Love me girl, you know you want me
Kiss and caress me, love me up girl
Booty by by by by
Love me girl, you know you want me

Kiss and caress me, love me up girl

That's why she said I'm leaving
On the next train
Don't ask when I'm coming back, cha
Ring pon the finger, you're free fi yet part bond

No bother even think 'bout have no more fun
Well ten o'clock occur, view that's when you're free fi
yet part bond
You step trough the door, your wife mouth start run
Laba, laba, laba, laba with Dieter Burton
Now you tell her fi shut up, quiet her mouth and sit
down
She still round a bag a beat our fire gone

But still you love me girl, you know you want me
Kiss and caress me, love me up girl
Booty by by by by
Love me girl, you know you want me
Hug and caress me, love me up girl

That's why
Lust
That's why them a talk 'bout lust
Careful love lust
It can be dangerous
Get me vigorous
It's so contagious
I remember love confess

That's why me say
Man have him woman and the woman so nice
Do anything now fi make her him wife
Kiss and caress, yes and hug him all night
Ring pon her finger, and make her him wife
And horning and groaning and loving all night
