Boy what have you done for me
I've been going down on you
You not going down on me
Girl that's how a rude boy play s
I don't have to take you there
I can please you in other ways
Across the hall neighbors hear the sound
Squeak Mr. lover lover in town
Carpet burns from being on the ground
Rudy have hot gal a moan and groan
Crash oh dawn the phone
Baby don't stop yeah you like that Simone
Champion lover the best pound for pound
Take you to the clouds without going downtown

Why why don't you just change your ways
Won't you open up your mind
Boy we're living in modern days
Girl I'm coming from the school
Where if you want the job done right
You have to used the proper tool
You never been love until you've been filled
Filled full of pleasure from a rude boy 's skill
Passion and ecstasy you know the drill
Full up your cup till your juice's spill
Leave the door open just for the thrill
Now we're at the point where you can't keep still
Covered in sweat but feeling the chill
That's the effect of a lover man's pill
Tell me why you want to tease me baby
Don't you want to please me
Why you holding back when I know what's on you mind
repeat

Boy what have you done for me
I've been going down on you
You not going down on me
Girl that's how a rude boy play s
I don't have to take you there
I can please you in other ways
Across the hall neighbors hear the sound
Squeak Mr. lover lover in town

Carpet burns from being on the ground
Rudy have hot gal a moan and groan
Crash oh dawn the phone
Baby don't stop yeah you like that Simone
Champion lover the best pound for pound
Take you to the clouds without going downtown
