Uh, Shaggy
(What the boom, boom, boom, boom)
Nicole, yeah
(What the boom, boom, boom, boom)
Hypnotic

Hey, sexy girl, I see yuh are impressed
I'm puttin' it on the record yuh mi love interest
Yuh feel my sexual velocity
Yuh got a glimpse of my anatomy

Now yuh can check my file I got the ride
I curl yuh toes and roll yuh eyes
Now whetha pleasure or pain I got some game
Now tell mi whose yuh daddy and what's my name
Now sing it

(Ooh, ooh, ooh)
I got yuh hypnotized ain't no way yuh can pretend
(Ooh, ooh, ooh)
Now here come Mr. Lover girl come position yuhself

Slowly movin' into position like a beat from the kick
drum
You are so boom, boom, supa hypnotic
Slowly from the floor to the ceilin'
You know I got to feel it one more time rewind
That's right, supa hypnotic

Don't stop what you're doin' the vibe will be ruined
Just keep movin' on the one, the three
Baby, it's so absolutely
That I'm goin' how you move me
Attracted like the magnet, I can get used to this

(Ooh, ooh, ooh)
I got yuh hypnotized ain't no way yuh can pretend
(Ooh, ooh, ooh)
Now here come Mr. Lover girl come position yuhself

Slowly movin' into position like a beat from the kick
drum

You are so boom, boom, supa hypnotic
Slowly from the floor to the ceilin'
You know I got to feel it one more time rewind
That's right, supa hypnotic

Clinch face, bite dem lips
I love di movement of yuh body when yuh shake dem
hips
Yuh got mi, huggin' and rubbin' and touchin' and
squeezin'
Yuh got mi, smokin' yuh lovin' yuh beauty quit teasin'
now

Forget yuh man, at leaset for awhile
I'll have yuh walkin' with a pain and then smile
Yuh feel, deep inside this yard man ride
I'll have yuh, chattin' patois Jamaican style now sing it

So I close my eyes, realize that I belong to you
And I can't help but just give in

Slowly movin' into position like a beat from the kick
drum
You are so boom, boom, supa hypnotic
Slowly from the floor to the ceilin'
You know I got to feel it one more time rewind
That's right, supa hypnotic

Slowly movin' into position like a beat from the kick
drum
You are so boom, boom, supa hypnotic
Slowly from the floor to the ceilin'
You know I got to feel it one more time rewind
That's right, supa hypnotic

What the boom, boom, boom, boom
That's right, supa hypnotic
Supa hypnotic, supa hypnotic
What the boom, boom, boom, boom
