Know what's good for your mistress is also good for  
your wife  
She just might go elsewhere if she's been deprived  
You dig that? Shaggy

I know it's something that she wants to do  
But I don't think that I should ask her to  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Though my baby only aims to please  
I can't let her see the freak in me  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Listen now, [Incomprehensible]  
Understand, this a something I wish it last  
Friend you're wrong, don't think that she is the one  
Freak woman, most of them wear a wedding band  
Understand

Bet she do anything she can  
And better than she a give it to another man  
Protect your slum, [Incomprehensible] she run  
Remember man, she proabably better than the next  
woman  
Understand

I know it's something that she wants to do  
But I don't think that I should ask her to  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Though my baby only aims to please  
I can't let her see the freak in me  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Now you [tellin'] [Incomprehensible]  
Lock the [Incomprehensible], tell me how you feelin  
'Coz you're here, you're near my car, hard to predict  
your [Incomprehensible] chips of life will fall

Freaking your [Incomprehensible]

Know what your boys got them fools they got no life  
All that you need from a freak might be in your wife  
Your house is your home and your future's looking  
bright  
Those are the lips that be kissin' your kids goodnight

I know it's something that she wants to do  
But I don't think that I should ask her to  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Though my baby only aims to please  
I can't let her see the freak in me  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Try and love your woman before she love another man  
Try and freak your woman before she freak another  
man  
You better love your woman before she love another  
man  
Try and freak your woman before she

Let she do whatever thing she can  
And better than she a give it to another man  
Protect your slum, [Incomprehensible] she run  
Remember man, she probably better than the next  
woman  
Understand

I know it's something that she wants to do  
But I don't think that I should ask her to  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Though my baby only aims to please  
I can't let her see the freak in me  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

I know it's something that she wants to do  
But I don't think that I should ask her to  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Though my baby only aims to please  
I can't let her see the freak in me  
'Coz it doesn't quite seem right  
You see these are the lips that kiss my kids goodnight

Goodnight mummy
