"Way Back Home"

Visit "[Way Back Home](#)" on MotoLyrics.com

(Man's got to do what a man's got to do)
Now you know man's got to do what he got to do
You know what I'm saying
(Been here too long)
And a lady like you got to be by my side at all times

(I said, a man's got to do what a man's got to do)
I got a dream baby and I got to follow my dream
You know what I'm saying
(Been here too long)
Check out

I pack my suitcase this morning, I'm ready to move
I finally got that courage, I'm leaving soon
I left a note on my pillow expressing my view
Want you to be the first to gather the news

Can't deal with the tears, it's making me blue
God knows I care, as much as you do
And to be honest, my baby, I'm worried 'bout you
Girl, I'm worried 'bout you, I'll say now

I can't leave here until I'm certain
That you'd be safe alone
You be holding the guiding light
So that I can find my way back home

I can't leave here until I'm certain
That you'd be safe alone
You be holding the guiding light
So that I can find my way back home

You got me moving, got me grooving
Is it between you or my gold?
I got my vibe and my pride
Keep my focus all on my stride

Need support and understanding
Are you with me all the way?
Need to know that you are there
So I can make it through my days

I wanna be somebody
I wanna make people happy
And baby, don't you worry
I'll be on my way, I say girl

I can't leave here until I'm certain
That you'd be safe alone
And you be holding the guiding light
So that I can find my way back home

I can't leave here until I'm certain
That you'd be safe alone
And you be holding the guiding light
So that I can find my way back home

Way back home
(My way back home)
Way back home
(Looking for them all)
My way back home

I pack my suitcase this morning, I'm ready to move
I finally got that courage, I'm leaving soon
Left a note on my pillow expressing my view
Want you to be the first, girl, to gather the news

Can't deal with the tears, it's making me blue
God knows I care as much as you do
And to be honest, my baby, I'm worried 'bout you
Girl, I'm worried 'bout you, I said I'm worried 'bout you

I can't leave here until I'm certain
That you'd be safe alone
You be holding the guiding light
So that I can find my way back home

I can't leave here until I'm certain
That you'd be safe alone
You be holding the guiding light
So that I can find my way back home

Way back home
(I got my [Incomprehensible], I got my
[Incomprehensible])
Way back home
([Incomprehensible])

Way back home
(Now, baby love, I gotta make it)
Way back home
(Make it on my own)

Way back home
(My way back home)
