Let's get connected again
I feel so far from where you are
Let's get connected
Again yeah

Your voice is the sweetest sound
But I'm out of place without your face

And my homes wherever you are
And you know I can never get far
Without wondering when I can come home again
And see you face to face
And get connected
Again yeah

Tired from waiting
Tonight I'll sleep alone
Soon I'll be home

And my homes wherever you are
And you know I can never get far
Without wondering when I can come home again
And see you face to face

Yeah I'm on my way back home
To you
I'm on my way back home to you
Just let your hair fall down
And close that door let's decorate this floor
And get connected

Again yeah and again and again yeah
And my homes wherever you are
And you know I can never get far
Without wondering when I can come home again
My homes wherever you are
And you know I can never get far
Without wondering when I can come home again
I'm wondering when I can come home
again
And get connected
