I'm just I'm just I'm just a man stuck pushing some
wheel

Moving on and down the road to the 303

In the land of summer sun we have just begun

Riding out with my friends in a Mercedes Benz

You can find your way home on the 303

You can let somebody know on the 303

one the 303

Hard times, well all I know is that...

Dark times? Gotta let it go because I got my friends

And I love my friends, yeah got my friends right to the
end

Round the bend, all together now

I've got to, got to, get to some place I've not been

Headless guru in the night show me what you mean!

In the land of summer sun we have just begun

Perfect picture card scene, changing all that has been

You can find your way home on the 303

You can let somebody know on the 303

on the 303

Hard times, well all I know is that....

Dark times? Gotta let it go because I got my stash

And I love my hash, yeah got my stash

Think I'll grow myself a big ol' hairy moustache
