First floor, room 16, smells like danger (let's do), even
better (let's go)

Set your goals, bless our souls

I'm in trouble (yes I know), but it feels like heaven

You were like one of those guys

The kind with the wandering eyes

But I said hey what the hell, once in my life I'll take a
ride on

the wild side

You were so full of yourself

But damn were you cute as well

You liked my legs, I liked your moves

Anyone could tell not hard to deny that

CHORUS

I did it again now I got it all wrong

But it felt so right I can't believe it

And all the mistakes that went on for too long

Wish there was a way I could delete them

Second night, in a row, I'm back in trouble (let's go), I
don't get it (let's go)

Gotta keep it down, 'cause the lobby called

But we ignore them (yes I know), 'cause it's getting
better

When it comes to men it's known

That I end up choosing wrong

'Cause I always trip and fall on the same old rock and
repeat and go back

How blind a girl can be

To miss you hide your ring

Lied about everything I'm so naive

And I should have known that

CHORUS

I did it again now I got it all wrong

But it felt so right I can't believe it

And all the mistakes that went on for too long

Wish there was a way I could delete them

It may seem to you that I am in a place

Where I'm losing the direction of my life

But I'm sure that this is nothing but a phase

Right back at ya, 'cause I'll survive
It may seem to you that I am in a place
Where I'm losing the direction of my life
But I'm sure that this is nothing but a phase
Right back at ya, 'cause I'll survive
I did it again now I got it all wrong
But it felt so right I can't believe it
And all the mistakes that went on for too long
Wish there was a way I could delete them
Did it again now I got it all wrong...
