Only you know really who I am  
And that's why you're my only man  
Only you make my heart beat fast  
And that's why we will make it last

I don't believe that the sea  
Will one day taste so sweet  
I don't believe in what I feel  
I don't believe in fate

I only believe in your sunny smile  
Your eyes shining like the stars  
And your kisses made of sun  
And I don't care what they say

Coz only you know really who I am...

I don't believe in Venus and in Mars  
I don't believe in Carl Marx  
I don't believe Jean-Paul Sartre  
I don't believe in Brian Reims

I only believe...
