Bleib baby bleib baby
Geh nicht wieder weg
Bleib baby bleib baby
Geh nicht wieder weg

Una mÃ¡quina
De pensar en tÃ­
Eso es lo que soy
Lo que siempre fuÃ­

Sabes que me esta matando esta espera cruel
La resignaciÃ³n es un deseo sin piel, y
Cada dÃ­a llora algo muy dentro de mi
No hay forma lÃ³gica de hacer mi vida sin ti

Y aunque me haga la invencible
Lo fatal lo imprescindible
Es que vuelvas a mi, vuelvas a mi, vuelve...
El dolor es sofocante
Y ahora todo lo importante
Es que vuelvas a mi, vuelvas a mi, vuelve...
No me tortures asÃ­

Una mÃ¡quina
De vivir sin paz
Eso es lo que soy
Desde que no estas

Dices que no tiene caso reaccionar asÃ­
Que has hecho tu elecciÃ³n
Que viva y deje vivir
Pero no quiero romper el lazo que me ata a tÃ­
Ten consideraciÃ³n y no me dejes sufrir

Y aunque me haga la invencible
Lo fatal lo imprescindible
Es que vuelvas a mi, vuelvas a mi, vuelve...
El dolor es sofocante
Y ahora todo lo importante
Es que vuelvas a mi, vuelvas a mi, vuelve...
No me tortures asÃ­

Bleib baby bleib baby
Geh nicht wieder weg

Bleib baby bleib baby
Geh nicht wieder weg

Y aunque me haga la invencible
Lo fatal lo imprescindible
Es que vuelvas a mi, vuelvas a mi, vuelve...
El dolor es sofocante
Y ahora todo lo importante
Es que vuelvas a mi, vuelvas a mi, vuelve...
No me tortures asÃ¡

THE ESSENTIAL THING

Stay, baby, stay, baby
Never leave again
Stay, baby, stay, baby
Never leave again

A machine
Designed to think of you
That is what i am
What i always was

You know this cruel wait is killing me
Resignation is a desire without skin
Everyday something cries inside of me
There's no logical way to build my life without you

And although i make myself appear invincible
What is fatal, what is essential
Is that you come back to me, come back to me, come
back
The pain is suffocating
And what's important now
Is that you come back to me, come back to me, come
back
Don't torture me like this

A machine
Of living without peace
That is what i am
Since you've been gone

You say there's no sense in reacting like this
You've made your choice
That i should live and let live
But i don't want to break the ties that bind me to you
Have some consideration and don't leave me suffering

And although i make myself appear invincible
What is fatal, what is essential
Is that you come back t me, come back to me, come
back
The pain is suffocating
And what's important now
Is that you come back to me, come back to me, come
back
Don't torture me like this

Come back, just come back
Come back and never leave again

Come back, just come back
Come back and never leave again

And although i make myself appear invincible
What is fatal, what is essential
Is that you come back t me, come back to me, come
back
The pain is suffocating
And what's important now
Is that you come back to me, come back to me, come
back
Don't torture me like this
