

## Shakira "Mon Amour"

Visit "[Mon Amour](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I think you are living in denial  
Oh, can't you see she's pretty wild?  
And every night I pray that you don't knock her up  
'Cause I still want to be the mother of your child

They say l'amour est ne ÃfÂi Paris  
So she's planned a little trip to France  
While she's in anxious anticipation  
I really hope you have a horrible vacation

And so you think of me when you arrive  
Hope the French fleas eat you both alive  
And your room smells and the toilet doesn't flush  
And locals treat you mean and the service takes too long

'Cause I'm fragile and you broke my heart in two  
But you just smile like it's all the same to you, to you

When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour

When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour

Where did you get the ability?  
To make fake promises to me  
You are exactly like a politician  
Need everyone's approval just to see if you are doing right

And I hope you both freeze under the Eiffel Tower  
So you end up throwing in the towel  
Hope you'll miss me and someday you're gonna see  
That I put my trust in you but you turned your back to me

'Cause I'm fragile and you broke my heart in two

But you just smile like it's all the same to you, to you

When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour

When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour

It's your destination  
It's your destination

When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour

When you learn your lesson  
Come back like a prodigal son  
Read the big sign at the airport  
Bienvenue from hell, mon amour  
Mon amour, mon amour

Passengers with destination  
Passengers with destination  
Passengers with destination to hell
