"Why Wait"

Put your trust in me
I won't let you down
Don't delay the things
That you want right now

Why wait for later?
Hey don't you want some action
I'm not a waiter
I like to make things happen

Something's coming on, coming on strong
Don't take too long
Don't you wanna know?
Baby, come home

One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to you

Drowning in your sweat
'Til I drench my clothes
You've seen nothing yet
Wait 'til you let go

Why wait for later?
Obey my intuition
We're going to be just fine
I got a premonition

Something's coming on, coming on strong
Don't take too long
Don't you wanna know?
Baby, come home

One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to you

I'm gonna dance through the veil of your eyes
While you follow my steps and decide
And I see your fate in the palm of your hand

No one looks, no one hears us this time
It's only me and your conscience tonight
If there are no witnesses, there is no crime

Why wait for later?
I'm not a waiter

Something's coming on, coming on strong
Don't take too long
Don't you wanna know
Baby, come home

One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to

One more night with you
I won't think it through
Time's money but you knew
Nothing in the world you can think of
That I won't do to you

You, you, you, you
You, you, you, you
You, you
