We could talk mythology
The emperors economy
Or start all over again
We could chew the bubblegum
Or turn the television on
Here we go again
So don't try to tell me who I am
You're not my Uncle Sam
And don't try to tell me what to say
Cause I don't give a damn

Information Libertaire
Yes we've come to take you there
Information Libertaire
Go tell the world Tiennamon Square

I could push a button
Jump up and down
Or give my money to a tramp in the street

Oh I just want to live today
And speak my mind in any way
Is that too much to ask
No don't try to tell me who I am
You're not my Uncle Sam
And don't try to tell me what to say
Cause I don't give a damn

Information Libertaire
Yes we've come to take you there
Information Libertaire
Go tell the world Tiennamon Square
