Flight of fancy, pick-up trucks
Sky of midnight-mother, son
Life gets lost and I miss those miles behind
Paths don't cross where the flamin' angel rides

There she goes, a love alive, the highway sings her
lullaby
Far away, but here tonight, the flamin' angel rides
You carry me off to sleep
Carry me off to dream away the miles

There she goes, a love alive, the highway sings her
lullaby
Far away, but here tonight, the flamin' angel rides
You carry me off to sleep
Carry me off to dream away the miles

Flight of fancy, pick-up trucks
Sky of midnight-mother, son
Life gets lost and I miss those miles behind
Paths don't cross where the flamin' angel rides
Paths don't cross where the flamin' angel rides

Flamin' angel
