From my window sill, overlooking the river
I believe I will forgive her
I believe I will forget her

From my window sill high above the city
She is gone and I have left her
And I'm sure I won't regret her

And the taxis are rolling by
And the girls dressed in the latest styles
From the subway to the marble sky
There's no sign of heartbreak for miles and miles

From my window sill i can go on dreaming
High above the world tonight

And the taxis are rolling by
And the girls dressed in the latest styles
From the concrete to the marble sky
There's no sign of heartbreak for miles and miles

From my window sill, overlooking the river
I believe I will forgive her
I believe I will tonight
