Is she jumping? What an evening to admire the view
Flower in her hair, girl on the roof
I can see her, I believe her, is she asking for proof?
Love is in the air girl on the roof

In the balance of the silence from the street down
below
Crowd is gonna stare, girl doesn't show
I can see her, I believe her would I say something new
Love is in the air, girl on the roof

Love is in the air
What a perfect day to find
Nothing could compare
What a waste to turn and wave goodbye

In the balance of the silence from the street down
below
Crowd is gonna stare want to know
I can see her, I believe her, would I say something new
Love is in the air, girl on the roof

Love is in the air
What a perfect day to find
Nothing could compare
What a waste to turn and wave goodbye

Is she jumping? What an evening to admire the view
Flower in her hair, girl on the roof
I can see her, I believe her, would I say something new
Love is in the air, girl on the roof

Love is in the air
What a perfect day to find
Nothing could compare
What a waste to turn and wave goodbye

Love is in the air
What a perfect day to find
Nothing could compare
What a waste to turn and wave goodbye
