I tried to write it off to another wasted night  
another mangled plot, I wanna make it right  
Â'cause everybody knows just what nobody says  
youÂ're gonna have to grow out of an unmade bed

And this is just the final curtain call  
after such a long, elaborate fall  
i was only fighting for my life  
but now I want a chance to make it right

Well can you touch your nose and take a long, last look  
at your understated pose your never-written book  
well iÂ'm better off without that overrated truth  
you gotta watch your mouth, it catches up to you

This is just the final curtain call  
after such a long, elaborate fall  
i was only fighting for my life  
but now I want a chance to make it right

Well so long to the life you wrote about  
your head hung over porcelain, no doubt  
and face-down on a dirty floor you find  
the same things that you thought youÂ'd left behind

This is just the final curtain call  
after such a long, elaborate fall  
i was only fighting for my life  
but now I want a chance to make it right

..curtain call  
after such a long, elaborate fall  
i was only fighting for my life  
but now I want a chance to make it right (chance to  
make it right)  
a chance to make it right  
it's all right, it's all right (all right)  
all right all right  
it's all right, all right  
it's all right, all right
