[Vers]

Have I told you about this time, I was wrecked inside  
out

But You knew I always I had a plan, To escape  
everything

Now it seems so obvious that, no one cared  
And I was really curious, about what you said

[Ref]

Falling down, trapped inside, but now that's gone  
Nevermind, I'm not behind, I'm not fooling you

[Vers]

And then I just realized what this is, all about  
I knew I had an other side, of wich I knew, all about  
Now it seems so obvious that, That no one knew  
And I was really curious, about what they thought

[Ref]

Falling down, trapped inside, but now that's gone  
Nevermind, I'm not behind, I'm not fooling you

[Ref]

Falling down, trapped inside, but now that's gone  
Nevermind, I'm not behind, I'm not fooling you  
Falling down, trapped inside, but now that's gone  
Nevermind, I'm not behind, I'm not fooling you
