What's been inside my head there for too long
Can't wait to see it all, pictured in front of me
My whole way of living was cut into pieces
And you're the reason for everything I didn't do
Because of you, because of...

From this point of view, everything is so fucked up
It's wrong of you to believe it doesn't matter
It's all of you, call me the one who knows it all
But everything's not always, as it seems

It's all those things I deceive
Without them I'm able to breath
Call me outrageous
But then I'm sure that you're blind
I'm sure that you...

From this point of view, everything is so fucked up
It's wrong of you to believe it doesn't matter
It's all of you, call me the one who knows it all
But everything's not always, as it seems

Have you ever seen what lies, behind your back
Well now we're changing it, so leave it to the past
To the past, leave it to the...

From this point of view, everything is so fucked up
It's wrong of you to believe it doesn't matter
It's all of you, call me the one who knows it all
But everything's not always, as it seems

I know you hate it all
I know you know it all
Send me a message where you end it all

From this point of view, everything is so fucked up
It's wrong of you to believe it doesn't matter
It's all of you, call me the one who knows it all
But everything's not always, as it seems
