Where is the silence today  
When you need it the most  
Trust no one to keep your words  
And instead be aware of those frauds

Take me away, someday  
Save me a day, a minute to collect it all

A perfect match and you'll forever last  
It's not the perfect smile  
Now you can't take it back  
Nothing is bright if not the brightest light  
And to set it on you'll have to roll the dice

You're pathetic you know it, I can't believe my eyes  
Every move you make look stupid  
Pull it back or you gonna lose it

Take me away, someday  
Save me a day, a minute to collect it all

A perfect match and you'll forever last  
It's not the perfect smile  
Now you can't take it back  
Nothing is bright if not the brightest light  
And to set it on you'll have to roll the dice

A perfect match and you'll forever last  
It's not the perfect smile  
Now you can't take it back  
Nothing is bright if not the brightest light  
And to set it on you'll have to roll the dice

A perfect match and you'll forever last  
It's not the perfect smile  
Now you can't take it back  
Nothing is bright if not the brightest light  
And to set it on you'll have to roll the dice

A perfect match and you'll forever last  
It's not the perfect smile

Now you can't take it back  
Nothing is bright if not the brightest light  
And to set it on you'll have to roll the dice
