Ben just hit the wall
He never had it all
One percek a day
Just went through c.p.a

His chance went out the door
When he was first born
Only slept with 60 men
What happened to his plan?

He was gonna be some actress
He was gonna be some star
He was gonna shake his butt
On the hood of mandys car

His yellow mercedes is now the enemy
Looks at his average life
Nothing, nothing is all right!

Go'n stacy, madonna
Way before his momma
There was you 2 and blondie
And music still on M.T.V
2 kids in his school tell
Him that he's uncool
But he's still preoccupied
