When something  
In the deepest part of you  
Is telling you the things  
You need to do

Something  
In the very heart of you  
Is showing you the things  
You know are true

You can hear it now  
Growing stronger now  
Feel it reaching out  
To grip the heart in you  
(Woah)

And you know it's right  
And you know  
That you need Him tonight  
And you know  
You've been running away too long

And you know it's right  
And you know  
That you owe Him your life  
'Cause you know  
That He's given His life for you

Somewhere deep inside  
When you know it's right  
There's just no other place  
For you to run

And when something  
Deep inside your very soul and mind  
Is begging you to do  
What must be done

You can hear it now  
Growing stronger now  
Feel it reaching out  
To grip the heart in you

(Woah)

And you know it's right  
And you know  
That you need Him tonight  
And you know  
You've been running away too long

And you know it's right  
And you know  
That you owe Him your life  
'Cause you know  
That He's given His life for you

You can hear it now  
Growing stronger now  
Feel it reaching out  
To grip the heart in you  
(Woah)

And you know it's right  
And you know  
That you need Him tonight  
And you know  
You've been running away too long

And you know it's right  
And you know  
That you owe Him your life  
'Cause you know  
That He's given His life for you

And you know you gotta give it up  
You gotta give it all  
And everything you are  
'Cause everything you want  
You know you'll find it all in Him  
In Him

You can hear it now  
Growing stronger now  
Feel it reaching out  
To grip the heart in you  
(Woah)

And you know it's right  
And you know  
That you need Him tonight  
And you know  
You've been running away too long

And you know it's right  
And you know  
That you owe Him your life  
'Cause you know  
That He's given His life for you

And you know you gotta give it up  
You gotta give it all  
And everything you are  
'Cause everything you want  
You know you'll find it all in Him  
In Him
