Oh thanks for all my friends  
Oh thanks to all that let me strand  
When I start thinking of you  
Of my present and past friends  
I see me then inside a shell  
No refuge nothing to do  
So they were my family  
I didn't know what could it mean  
They found their way  
So nice so straight  
They found their way  
No time to stay  
Oh thanks for all my friends  
Oh thanks to all that let me strand  
Some of them around the world  
Someone else is still in touch  
Most of them have stopped to learn  
One of us just seems to lose  
For his scare to be betrayed  
Hes behaving like a slave
