All my life it's been a lonely place
I don't know but i have a feeling there is a missing
piece
It just something or someone but i couldn't explain
Until you came
You show me the world and it is so hard to explain the
feeling inside

[Chorus:]

Your my inspiration, you show me the world
Its like you know me inside out
Your my inspiration, the love that you gave
I knew you're the missing piece

All the pain i that kept inside
All the sorrows that i hide
All the tears that flows down
And the despair that i felt
You give me the hope
And i know that..

(Chorus)

And i know there is no expiration
So I am thanking you today..
