"Victory"

Visit "[Victory](#)" on MotoLyrics.com

Lord I'd give You all I have
But what do I have to give that You don't already own?
I'm Yours, You made me great

Oh what could be great about my life,
None other than the one and only God living inside?
I'm Yours, You made me great

Your steadfast love gives

The victory, the victory, the victory
Oh Your love has made me great

What could be great about my life,
None other than the one and only God living inside?
I'm Yours, You made me great

Your steadfast love gives

The victory, the victory, the victory
Oh Your love has made me great

(You have made me great)
You made me great (You have made me great)
You made me great (You have made me great)

Your steadfast love gives

The victory, the victory, the victory
Your steadfast love gives

The victory, the victory, the victory
Oh Your love has made me
Your love has made me
Your love has made me great
