"When The Wind Blows"

Visit "[When The Wind Blows](#)" on MotoLyrics.com

When the wind blows
Iâ€™m standing on a cliff
Under me the see
When the sun goes down
But I would like to go

When the wind blows
When the wind blows
When the wind blows
When the wind blows

The colour of the sunset
Reminds me of your eyes
The waves of the see
Are coming over me

Ref:Â...

When I see you in my mind
Then I know love is true
You are in my dreams
I always love you

Ref:Â...

Sense is never bad inside
To leave is let go
To die is let go
True love be set free

Ref:Â...
