I ignored the warning signs, I left the west coast far  
behind  
But I knew that I would be alright the moment I touched  
down  
I can still see you standing there as the leaves fell  
down on old Dam Square  
With endless eyes and windy hair you turned my world  
around

In Amsterdam I fell into your eyes,  
I've wanted you all my life

We walked those streets in the full moon's light,  
Passed storefronts dressed in red and white,  
I asked if I should stay the night - you looked at me and  
smiled  
Now every single time I turn around  
You've got new ways for breakin' me down  
And still sometimes without a sound you can make me  
want you more

In Amsterdam I fell into your eyes,  
I've wanted you, wanted you, wanted you,  
Wanted you all my life

And all your life, you've wanted to believe  
You waited here for me  
And now here you are - it's too good to believe  
You know you've set me free in Amsterdam

Oh oh oh oh Amsterdam, oh oh oh oh  
Oh oh oh oh Amsterdam, oh oh oh oh

I ignored the warning signs, I left the west coast far  
behind  
But I knew that I would be alright the moment I touched  
down  
And I can still see you standing there as the leaves  
fell down on old Dam Square  
With endless eyes and windy hair you turned my world  
around

Oh oh oh oh Amsterdam, oh oh oh oh  
Oh oh oh oh Amsterdam, oh oh oh oh
